+ New Recipient	
Samuel Norton	
Samuel Norton Checking 654987231	
Matched 1 recipient account(s).	

Add in your recipient for this template. You can either choose from existing recipients or create new recipients. Add in a dollar amount for the payee or leave at \$0.00. If the dollar amount will change every time you send this recipient a wire, it is suggested to leave the amount at \$0.00.

For International Wire Templates, you will also need to select the Currency type of the wire (USD or an international currency).

See the Wire Recipients Guides for instructions for adding New Recipients.

Click **Optional Wire Information** to access Message to Beneficiary, FI-to-FI Information, and Description fields.

Use **Message to Beneficiary** to pass a message along to the Beneficiary. If your wire instructions ask you to include a “For Further Credit To” or “FFC” note, please add it here. Similarly, if sending an international wire to Canada, this is where you would enter the Sort and Transit Codes.

FI-to-FI Information would be listed in your wire instructions as FI-to-FI, Financial Institution-to-Financial Institution, Bank-to-Bank Information. If your wire instructions include this information, it is imperative that you enter that information in this field.

Description is an internal memo that will stay in AccessJFG and not travel with the wire.

Online Activity Center (found in the Transactions menu) tracks all transactions that happen online.

If you drafted the transaction, another user can **Approve** the transaction from here, amongst other actions using the **kabob menu**.

Depending on your entitlements, you may be able to approve or cancel transactions that other users have drafted.

Thank You
